

DREYFUS JAZZ

JEAN-MICHEL PILC/True Story: You know how you like Keith Jarrett records except for when the mic picks up all the annoying grunts he makes? Pilc has mastered the art of the Jarrett art trio without all the grunts and extraneous noises that make you rip your headphones off. Completely wonderful art jazz that pulls you in with its subtlety and keeps you on board with it's chops. A high water mark for music in this pocket.
